Factorys

Xtravigor Sports integrates its own research, development, and production of indoor and outdoor fitness equipment. In 2022, a new fitness equipment manufacturing facility was established in Sialkot, Punjab, Pakistan. It has a production area of 10,000 square meters and more than 100 employees. It has imported spraying equipment and advanced production lines and produces more than 400 types of fitness series products. It is one of the earliest local fitness equipment manufacturers to come into contact with fitness equipment.

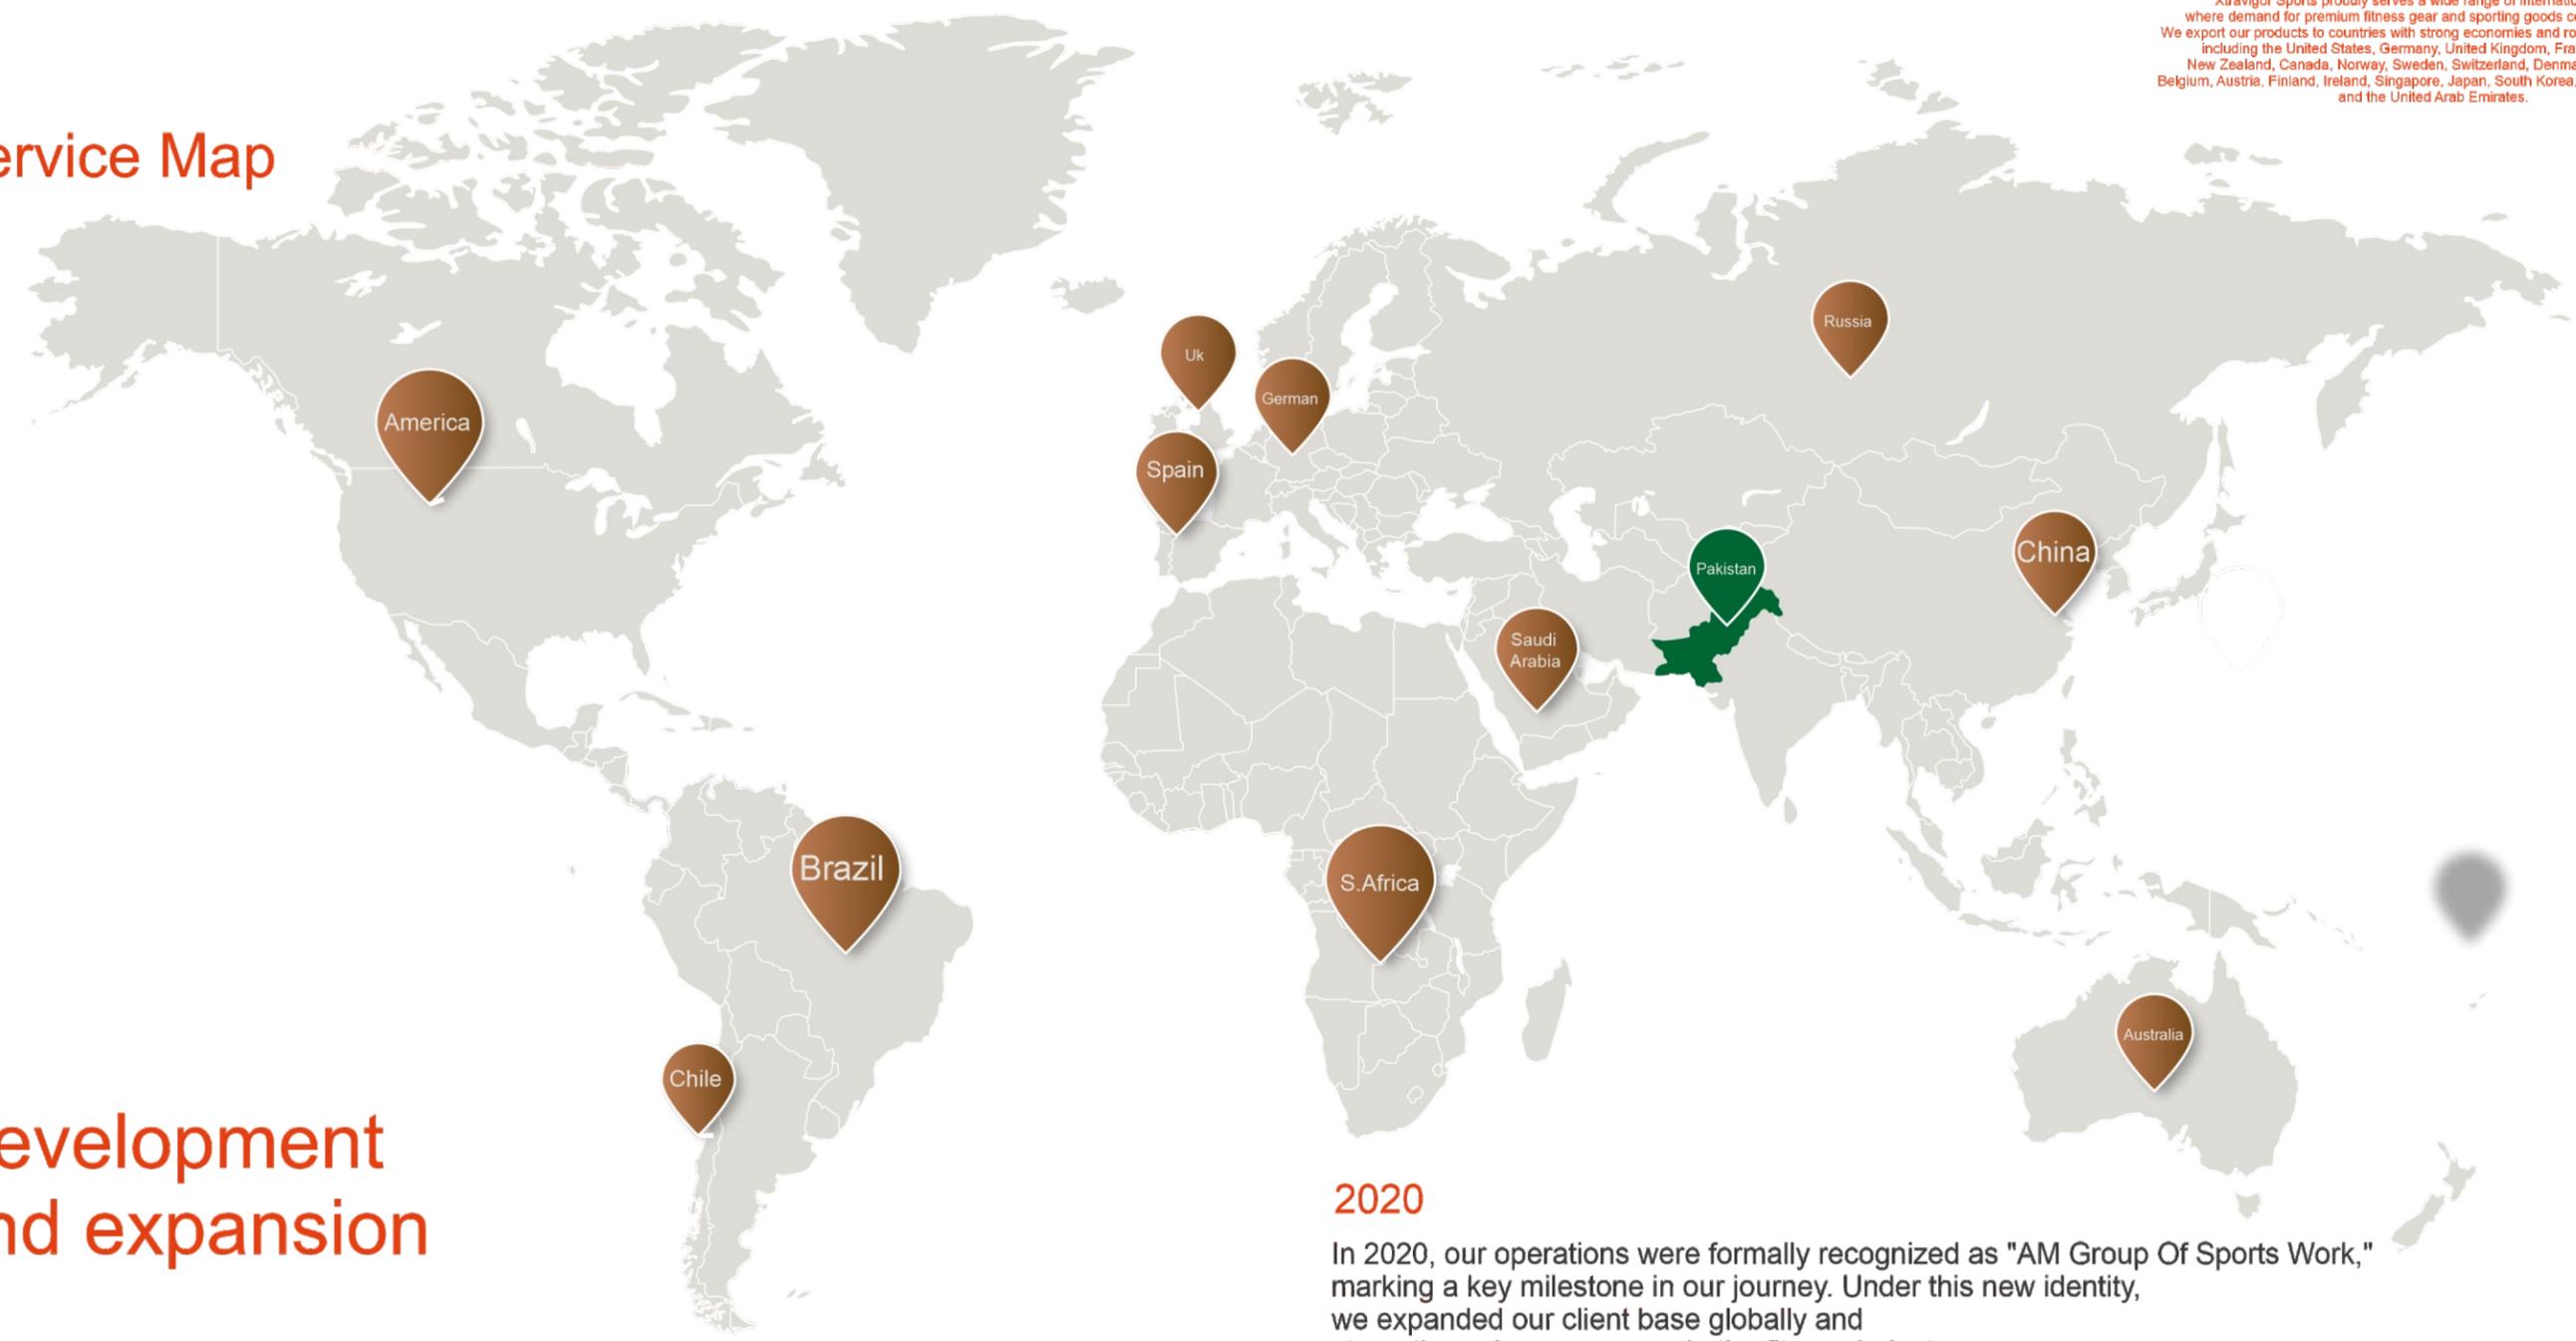

Fitness Equipment

Xtravigor Sports proudly serves a wide range of international markets where demand for premium fitness gear and sporting goods continues to grow. We export our products to countries with strong economies and robust fitness cultures, including the United States, Germany, United Kingdom, France, Australia, New Zealand, Canada, Norway, Sweden, Switzerland, Denmark, Netherlands, Belgium, Austria, Finland, Ireland, Singapore, Japan, South Korea, Qatar, Saudi Arabia, and the United Arab Emirates.

Service Map

Development and expansion

2015

Our Journey In 2015, we began as a small, unnamed manufacturing unit focused solely on producing weightlifting accessories and basic sportswear.

2017

By 2017, we upgraded to a larger factory, diversified our offerings, and began handling more complex and bulk orders, laying the foundation for international business.

2020

In 2020, our operations were formally recognized as "AM Group Of Sports Work," marking a key milestone in our journey. Under this new identity, we expanded our client base globally and strengthened our presence in the fitness industry.

2021-22-23

The years 2021, 2022, and 2023 brought rapid growth, new markets, and product innovation. With increasing demand, we continued refining our brand and enhancing our infrastructure.

2024

Finally, in 2024, the company transformed into what it is today—Xtravigor Sports, a symbol of strength, precision, and performance. With a global footprint and a bold vision, Xtravigor is redefining excellence in fitness and sporting goods manufacturing.
